

Assignment for your tour

In this assignment you're going to create a tour using the 5 themes of geography for your community. You may work with a partner or do this by yourself. Before you get started you'll need to go to the following website and learn about the 5 themes of geography:

<http://www.seal-pa.org/sahs/facpages/jheiser/5%20themes%20of%20Geography.swf>

At this website read the Flash and check out the examples given on what the 5 themes of geography are and what criteria can be used to identify these themes.

Process

1. Pick your community and put a push pin at its location. At this pin include a little introduction describing your community(you may choose what you want to tell us), some community history, and what it is like to live there.
2. Using the information from the 5 themes of geography Flash presentation create a geographic tour of your community.
3. In your tour, make sure you place a pin for each of the 5 themes (Location, Place, Movement, Human Environment Interaction, or Regions) and explain how this point represents the theme.
4. Lastly, make sure you tour has some form of media included at each point. You can link out to an image or put the image into your tour using the layer tool.
